LAWS OF NEW YORK.—By Authority

CHAPTER 976

AN ACT to apportion and district the senate and assembly, making conforming amendments in the election law, in compliance with the order made on July twenty-seventh, nineteen hundred sixty-four by the federal court

Became a law December 22, 1964 at 7:10 p.m., with the approval of the Governor. Passed on message of necessity pursuant to article III, section 14 of the constitution by a majority vote, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The reapportionment compliance act is hereby enacted, to read as follows:

REAPPORTIONMENT COMPLIANCE ACT

ARTICLE 1—SHORT TITLE; STATEMENT OF POLICY; APPLICATION; MISCELLANEOUS.

Section 101. Short title.
102. Statement of policy.
103. Application.
104. Miscellaneous.

Section 101. Short title. This act shall be known as the "Reapportionment Compliance Act".

§ 102. Statement of policy. 1. The order of the federal court and its mandate of July twenty-seventh, nineteen hundred sixty-four require that the legislature be apportioned and districted on a basis other than the manner provided for in the constitution of this state. Legislation complying with the guidelines enunciated by the federal courts in applying the equal protection clause of the fourteenth amendment of the United States constitution to apportionment of state legislatures must be enacted in this state not later than April first, nineteen hundred sixty-five. There is a further requirement that an election of members of the legislature under this new apportionment and districting be held in November, nineteen hundred sixty-five, and that such elected members hold office for a term ending December thirty-first, nineteen hundred sixty-six.

2. In light of this obligation to enact legislation notwithstanding the provisions of New York state's constitution, it is hereby found and declared by the legislature that apportionment and districting is primarily a responsibility of the legislature and must be accomplished at the same time and by this act. It is also found and declared that the uncertainty concerning the federal standards for apportionment of state legislatures requires prompt action to permit judicial review, to insure an orderly election of the members

of the senate and assembly, to provide stability and continuity in the legislative process and to secure that the legislature and its acts will not be subject to continuing challenge.

§ 103. Application. For the purpose of filling vacancies occurring other than by the expiration of term in the offices of members of the senate and members of the assembly elected at the general election in nineteen hundred sixty-four, the senate and assembly districts of this state, as existing immediately before the enactment of this act, shall continue to be respectively, the senate districts of the state, and the assembly districts of the state.

§ 104. Miscellaneous. 1. Unless otherwise specifically indicated, references in provisions of this act to political subdivisions, wards, election districts, or other divisions thereof, or to the boundary lines of any of the same, shall be deemed to refer to such political subdivisions, wards, election districts, divisions or boundary lines as they existed at the time of the general election in the year nineteen hundred sixty-two.

2. The term "major portion" of a district means a part of a district containing more than fifty percent of the population of the district, according to the measure of population used.

3. The term "minor portion" of a district means a part of a district containing less than fifty percent of the population of the district, according to the measure of population used.

Article 2—Senate

ARTICLE 4—SEPARABILITY; CONSTRUCTION; SAVING CLAUSE

Section 401. Separability.
402. Construction.
403. Saving clause.

§ 401. Separability. 1. If any part or provision of this act relating to any district described in article two or article three of this act shall be adjudged invalid by a court of competent jurisdiction, such judgment shall: (1) be confined in its operation to the part or provision of this act or the district or districts directly involved in the controversy in which such judgment shall have been rendered, (2) not affect or impair the validity of the remaining parts, provisions or districts, and (3) not affect or impair the validity of the remaining apportionment or districting provided for in this act. The legislature hereby declares that it would have enacted this act or such remaining parts, provisions or districts had the invalidity of such part, provision or district been apparent at the time of such enactment.

§ 402. Construction. 1. This act shall be liberally construed to effectuate the purposes thereof and to apportion and district this state in compliance with the order of the federal court.

2. It is intended that this act and the districts described herein completely encompass all the area within the state. It is also intended that such districts apportioned on the basis of nineteen hundred sixty citizen population, contain all the citizens resident in this state. It is further intended that the apportionment and districting provided for in this act result in the creation of districts containing substantially equal citizen population. It is also intended that no senate district shall include any of the area included within the description of any other senate district. It is also intended that no assembly district shall include any of the area included within the description of any other assembly district.

§ 403. Saving clause. 1. If the districts described in this act do not carry out the purposes thereof, because of unintentional omissions; duplications; overlapping areas; erroneous nomenclature; lack of adequate maps or descriptions of political subdivisions, wards, election districts or other divisions thereof, or of their boundary lines; street closings, changes in names of streets, or other changes of public places; alteration of the boundary or courses of waters or waterways, filling in of lands under water, accretion or other changes in shorelines; or alteration of courses, rights of way, or lines of public utilities or other conditions, then the secretary of state, at the request of any citizen or candidate aggrieved thereby, shall, by order, correct such omissions, overlaps, erroneous nomenclature, or other defects in the description of districts so as to accomplish the purposes and objectives of this act.

2. In promulgating such orders, the secretary of state, in addition to achieving substantial equality in the population of districts and insuring that all areas of the state are completely and accurately encompassed in such districts, shall be guided by the following standards:

a. Gaps in the description of any district shall be completed in a manner which results in a total description of that district in a manner which is consonant with the description of adjacent districts and results in complete contiguity of districts.

b. Areas of the state included within the descriptions of more than one district shall be allocated to the district having the lowest citizen population.

c. Areas of the state not included within the descriptions of any district shall be allocated to the adjacent district having the lowest citizen population.

d. In the event that the area subject to corrected description or allocation as provided in paragraphs a, b or c of this subdivision is of such size or contains such population that its inclusion as a unit in any district would result in a gross disparity in the size, shape or population of such district, then the secretary of state may allocate portions of such area to two or more districts.

e. In any allocation of area or correction of descriptions made pursuant to this section, the secretary of state shall, consistent with the foregoing standards, preserve the contiguity and compactness of districts and avoid the unnecessary division of political subdivisions.

3. Copies of such orders shall be filed by the secretary of state in his own office and in the office of the affected boards of election. In addition, a copy of such order shall be served upon the citizen or candidate, if any, who instituted the application for such an order. The secretary of state may adopt reasonable rules regulating the procedure for applications for orders under this section in the manner of serving and filing any notice or copy of orders relating thereto.

4. Upon the filing of such an order, the description of any affected district shall be deemed to have been corrected in the manner provided in such order to the full extent as if such correction had been contained in the original description set forth in this act.

§ 2. The opening paragraph of subdivision one of section twelve of the election law, as renumbered and amended by chapter seven hundred one of the laws of nineteen hundred sixty, is hereby amended to read as follows:

The county committee of each party shall be constituted by the election in each election district within such county of at least two members and of such additional members, not in excess of two, as the rules of the county committee of the party within the county or the statement, filed pursuant to section eighteen, may provide for such district, proportional to the party vote in the district for governor at the last preceding gubernatorial election, or in case the boundaries of such district have been changed or a new district has been created since the last preceding gubernatorial election, proportional to the party vote cast for members of assembly or in the event there was no election for member of assembly, then proportional to the party enrollment in such district at the last preceding general election. In a county in which no additional members are provided for by rules of the county committee or the statement filed pursuant to section eighteen, the voting power of each member shall be in proportion to such party vote. In a county in which additional members are so provided for, on the basis of the party vote in election districts, or from assembly districts, *or portions therof* within such county,* each member shall have one vote. Each member of a county committee shall be an enrolled voter of the party residing in the *county and the* assembly district from which or in the assembly district containing the election district in which such member is elected.

§ 3. Subdivision three of section fifteen of such law, as last amended by chapter seven hundred ninety-two of the laws of nineteen hundred fifty-five, is hereby amended to read as follows:

3. If the rules of the county committee shall so provide, assembly district leaders or one assembly district leader and one associate

* So in original. [Word misspelled.]

assembly district leader shall be elected at primary elections as herein provided, for each assembly district or part of an assembly district within any county [within the city of New York] as may be designated in such rules for the purpose. Such assembly district leaders or such assembly district leader and associate assembly district leader shall be of opposite sexes, if the rules of the county committee shall so provide, and shall be enrolled voters of the party residing within the assembly district and, if the rules of the county committee shall so provide, within the part of the assembly district for which they are to be elected, and shall be elected at the same primary election and for the same term as members of the county committee. When any such rule provides for equal representation of sexes, the designating petitions and primary ballots shall carry such party positions separately by sexes. Each shall perform such duties, powers and functions as the rules of the county committee may prescribe. Whenever required to be filled by the rules of the county committee, vacancies in such positions shall be filled by the members of the county committee within the assembly district or part thereof as the case may be. Assembly district leaders and associate assembly district leaders shall not be members or vote in meetings of the county committee or any sub-committee thereof unless also duly elected to membership thereon.

§ 4. Subdivision two of section seventeen, section thirty-four, and subdivision one of section sixty-four of such law are hereby amended to read respectively as follows:

2. If the boundaries of any assembly districts be changed after the election of members to the state committee, the terms of members elected in such districts[,] shall [cease upon the taking effect of such change in boundaries.] *continue until their successors are elected or appointed. The rules of the state committee of each party may provide for the manner in which such successors shall be chosen or appointed.* [The vacancies thus created in such districts shall be filled by the members of the county committee residing in such assembly districts, at a meeting to be held in December of the year in which such members of the state committee were elected. The county chairman shall give three days' notice of such meeting by mail to each member of the county committee residing in such districts and the voting power of each member shall be the same as provided in section twelve. The persons selected to fill such vacancies shall serve until the next primary election for members of the state committee.]

§ 34. Organization of board; proceedings and reports; records. The commissioners, at their first meeting, shall organize as a board by electing one of their number as president and one as secretary, and in case no election can be had the members shall draw lots for such places. The president and secretary shall not belong to the same party. Every board shall adopt an official seal and shall cause a description of it with impressions from it to be filed in the office of the secretary of state. The records of the boards, and papers

and books filed in its office are public records. Minutes of all meetings shall show how each commissioner voted upon any resolution or motion. The board shall keep a record of its proceedings and shall file a statement of the number of voters enrolled with each party for that year in each assembly district, *or part thereof,* and such data relating to the expenses connected with registration, enrollments and elections within the county or city and such other information relating to elections as the secretary of state may prescribe. The board of elections of a county outside of the city of New York shall also in the month of January make an annual report of its affairs and proceedings to the board of supervisors.

1. In the cities of New York and Buffalo, and cities and towns of the counties of Monroe, Nassau and Suffolk, respectively, the creation or the consolidation, division or other alteration of election districts shall be done by the board of elections, and in any other city or in any other town by the common council or town board. Every town or ward, not subdivided into election districts, shall be an election district. Each assembly district *wholly* in the city of New York, *and that portion of an assembly district partially in the city of New York containing therein more than seven hundred voters,* and elsewhere each town or ward having more than seven hundred voters, shall be divided into election districts, provided that if two machines are to be used at the polling place, a town or ward having not more than one thousand voters need not be divided. Any town or ward may be so divided when the convenience of voters will be promoted thereby.

§ 5. Subdivisions one and two of section sixty-five of such law, subdivision two having been amended by chapter five hundred sixty-five of the laws of nineteen hundred sixty-two, are hereby amended to read, respectively, as follows:

1. Whenever necessary, a map or separate maps of election districts within a town or ward, or, in the city of New York, within an assembly district, *wholly within such city or within that portion of any assembly district within such city,* shall be made by the board or body creating or altering the districts so that the map or maps on file at any time will show the existing election districts in such town, ward [or], assembly district, *or the appropriate portion of such assembly district,* except that in a town a certified description or descriptions may be made instead of a map or maps, in the discretion of such board. In a city, street corner numbers of the block or blocks defining the extreme boundaries of each election district shall be printed on the map or maps, within or outside the block line or lines, so as to show plainly the highest and lowest street numbers within the election district of every street bounding the district. Copies of such maps or descriptions shall be filed and kept open to public inspection as follows: one in the office of the town or city clerk, except in the city of New York; one in the office and each branch office if any of the board of elections. Surplus copies, if any, of maps of election districts in a city or town may be sold at cost and the proceeds paid to the county, city or town which incurred the expense of preparing the maps.

2. In a city, immediately before the first day of registration in each year, the board or body authorized to create or alter election districts shall cause copies of such map or maps to be posted in such places in the several wards or assembly districts, *or appropriate portions of assembly districts* as, in its judgment will be best suited for informing the voters interested therein, and shall furnish to the inspectors of election in each election district, on the first day of registration in each year, election day, primary election day, and special election days, if any, a map or maps showing such election district and at least the adjacent election districts and a list of the registration and polling places in the ward or assembly district. In the week preceding a primary, in any year, the board of elections, in its discretion, may cause to be posted, in a city, copies of the map or maps showing the election districts in which the primary is to be held.

§ 6. Section seventy-nine of such law, as amended by chapter twenty-three of the laws of nineteen hundred fifty-four, is hereby amended to read as follows:

§ 79. Publication of registry lists; distribution thereof. The board of elections of each county containing a city of the first or second class and the board of elections of the city of New York, as soon as possible after the receipt of the registry lists from boards of inspectors as provided in section one hundred eighty-three and, in the city of New York, within one hundred eight hours after the close of each annual registration, and elsewhere not less than six days prior to the day of election, shall print in pamphlet form for each ward of any such city within their respective counties, or for each assembly district *wholly* in the city of New York, *and for any portion of an assembly district in the city of New York,* not less than twelve times as many copies of said registration lists as there are election districts in such ward or assembly district, so that each ward or assembly district pamphlet shall contain the lists of the several election districts in such ward or assembly district. The board of elections shall contract for the printing of such lists with whomsoever it may seem to such board to be most advantageous so to contract, but such contract shall be awarded only after proper public notice and to the lowest bidder. Upon the written application of the chairman of the executive committee of the county committee of any political party whose candidates are entitled to a place upon the official ballot to be voted at the election for which the registration is made, the board of elections shall deliver to such chairman two copies of each ward or *whole or appropriate partial* assembly district pamphlet for each election district within such city, or, in the city of New York, within each assembly district, *or appropriate part thereof*, of the county which such county committee represents. Two pamphlets containing the lists of the registered persons in the election districts within his precinct shall be furnished to each police captain in all such cities; and one copy of the pamphlet for each ward or assembly district shall be mailed by the board of elections to the attorney-general, as soon as it is printed. The pamphlets

so printed shall be distributed in the discretion of such boards, which may charge for each pamphlet a sum not exceeding one dollar a copy for a ward pamphlet or one dollar fifty cents a copy for an assembly district pamphlet, and any moneys resulting from the sale thereof shall be paid to the county treasurer of the county, or comptroller of the city of New York, as the case may be, for the benefit of the treasury of such county or city.

§ 7. Subdivisions one and three of section one hundred thirty-two of such law are hereby, respectively, amended to read as follows:

1. A state [or judicial district] convention shall be constituted by the election at the preceding fall primary, from each assembly district *wholly within a county, and from that portion of an assembly district partially within such county*, of delegates and of any alternate delegates provided for by party rules. *A judicial district convention shall be constituted by the election at the preceding fall primary, from each assembly district wholly within a judicial district and from that portion of an assembly district partially within such judicial district, of delegates and of any alternate delegates provided for by party rules.* The number of delegates and alternates, if any, from each *assembly* district, *or appropriate portion thereof*, shall be determined by party rules, but the number of delegates from each assembly district shall be substantially in accordance with the ratio which the number of votes cast for the party candidate for governor at the last preceding general state election in such unit bears to the total vote cast at such election for such candidate in the entire state, and the number of alternates from any assembly district, *or portion thereof*, shall not exceed the number of delegates therefrom. [If, by reason of a change in the boundaries of assembly districts after an election of governor, the exact vote at such election in the territory constituting an altered district is not ascertainable, such vote, for the purposes of this section, shall be estimated.] The delegates certified or adjudicated to have been elected as such, in the manner provided in this chapter, shall be conclusively entitled to their seats, rights and votes as delegates to such convention. When a duly elected delegate does not attend the convention, his place shall be taken by one of the certified alternates, if any, to be substituted in his place, in the order in which the name of such alternate appears upon the certified list, and if no alternates shall have been elected or if no alternates appear at such convention, then the delegates present from the same assembly district, *or appropriate portion thereof*, shall select a person to fill the vacancy.

3. The temporary chairman shall be chosen upon a call of the official roll. The committees of the convention shall be appointed by the convention, or by the temporary chairman, as the convention may order. Where only one candidate is placed in nomination for any office, the vote may be taken viva voce. When more than one candidate is placed in nomination for an office the roll of the delegates shall be called and each delegate when his name is called shall arise in his place and announce his choice, except that the

chairman of a delegation from any assembly district, *or portion thereof,* unless a member of such delegation objects, may announce the vote of such delegation. The convention may appoint a committee to nominate candidates to fill vacancies in nominations made by the convention and caused by the death, declination or disqualification of a candidate. The permanent officers shall keep the records of the convention.

§ 8. The first undesignated paragraph of subdivision three of section one hundred thirty-five of such law, such subdivision having been last amended by chapter seven hundred forty-five of the laws of nineteen hundred fifty-four, is hereby amended to read as follows:

In lieu of such authentication there may be appended at the bottom of each sheet, a signed statement of a witness, who is a duly qualified voter of the state and an enrolled voter of the same political party as the voters qualified to sign the petition, and who is also a resident of the same political unit in which the office or position is to be voted for, (however, in the case of a petition for election to the party position of member of the county committee, residence in the same [assembly district] *county* shall be sufficient) as to the subscription thereof. Such an affidavit, and if false shall subject the witness to the same penalties as if he had been duly sworn. The form of such statement shall be substantially as follows:

§ 9. Subdivision two of section one hundred thirty-six of such law, as last amended by chapter five hundred fifty-four of the laws of nineteen hundred fifty-seven, is hereby amended to read as follows:

2. A petition must be signed in ink by not less than five per centum, as determined by the preceding enrollment, of the enrolled voters of the party residing within the political unit in which the office or position is to be voted for, provided, however, that for the following public offices the number of signatures need not exceed the following limits:

(a) for any office to be filled by all the voters of the city of New York, five thousand signatures;

(b) for any office to be filled by all the voters of any county or borough within the city of New York, two thousand five hundred signatures;

(c) for any office to be filled by all the voters of any other city of the first class or of any other county or borough containing more than two hundred fifty thousand inhabitants according to the last preceding federal enumeration, one thousand signatures;

(d) for any office to be filled in the city of New York by all of the voters of any municipal court district or of any congressional *district,* or *of any* senatorial district, *wholly or partially within the city of New York,* seven hundred fifty signatures;

(e) for any office to be filled by all the voters of any other county or borough containing more than twenty-five thousand and not more

than two hundred fifty thousand inhabitants, according to such enumeration, or of any city of the second class or of any other congressional or senatorial district, five hundred signatures;

(f) for any office to be filled in the city of New York by all the voters of any assembly district, *wholly or partially within the city of New York,* three hundred fifty signatures;

(g) for any office to be filled by all the voters of any other county, or of any city of the third class, or of any other assembly district, or of a councilmanic district in any city other than the city of New York, two hundred fifty signatures;

(h) for any office to be filled by the voters of any political subdivision contained within another political subdivision, not to exceed the number of signatures required for the larger subdivision; and

(i) for any office to be filled by the voters of a political subdivision containing more than one assembly district, county or other political subdivision not to exceed the aggregate of the signatures required for the subdivisions or parts of subdivisions so contained.

§ 10. Section one hundred forty-four of such law, as amended by chapter five hundred eighty-one of the laws of nineteen hundred fifty-two, is hereby amended to read as follows:

§ 144. Places for filing petitions and certificates; record; notices to candidates. The places for filing the petitions and certificates specified in this article shall be respectively as follows: for an office or position to be voted for wholly within the city of New York in the office of the board of elections of that city; [elsewhere,] for an office or position to be voted for in a district greater than a county, *or portions of two or more counties,* in the office of the secretary of state; [for the office of member of assembly for Fulton and Hamilton counties, in the office of the board of elections of Fulton county;] for a city, town or village office to be filled at an election held at a time other than that of a general election in the office of the city, town or village clerk; in all other cases in the office of the board of elections of the county. All such petitions and certificates shall at the time of the filing thereof be endorsed by such officer or board with the day, hour and minute of such filing. Such officer or board shall keep a book, which shall be open to public inspection, in which shall be entered the times of filing all such petitions and certificates; the names and residences of all candidates named therein; the names and residences of all candidates certified to such officer or board; the title of the office or party position, the name of the party or independent body to which the petition or certificate relates and a memorandum of any objections to such petition or certificate. Forthwith upon the filing of a certificate of nomination or a petition designating or nominating a person or persons for public office, such officer or board shall mail notice thereof to each such person. Such notice shall also state the last day to decline such designation or nomination.

§ 11. Subdivisions one and four of section two hundred forty-two-a of such law, as separately amended by chapters nine hundred thirty-five and nine hundred thirty-six of the laws of nineteen hundred sixty-four, are hereby amended to read, respectively, as follows:

1. The board of elections of the city of New York shall provide for the use of voting machines for all contested primaries *wholly* in such city except as provided in subdivision five. The board of elections of any county outside the city of New York may adopt, and shall adopt when required by local law in any city or by action of the elective governing body in any county, the use of voting machines for any contested primary election or elections in any or all parts of such city or county. Wherever voting machines are used for primary elections, the board of elections having jurisdiction over elections in the city, county or town concerned shall issue directions for such use for each primary election which shall be in conformity with the provisions of this section and of all other applicable provisions of this chapter and which shall be binding on all election officials in the area concerned.

4. Wherever voting machines are used for primary elections, they shall be used in accordance with the following provisions of this section for all primary contests so far as the available supply of voting machines will permit, except that, as provided in subdivision one of this section, the use of voting machines in all contested primary elections *wholly* in the city of New York shall be mandatory except as provided in subdivision five. Where, outside the city of New York, the available supply of voting machines is insufficient to cover all primary contests, paper ballots shall be used only so far as necessary. If there are not enough voting machines to cover all election districts for all parties therein, preference shall be given in the use of machines first to contests for nomination for public office over contests for election to party position, second to the contests which are held in the greatest numbers of election districts. If a voting machine used for a party in a particular election district, will not accommodate all the candidates of the party therein, as many as possible of the contests of such party shall be carried on the voting machine subject to the following preferences; first to contests for nomination for public office, second to offices voted for in such party in most election districts. Subject to these requirements, the board of elections of any county outside the city of New York shall designate which election districts and which parties therein shall use voting machines for primary contests, and which contests shall appear on a voting machine when the machine will not accommodate all the contests of a party.

§ 12. Section two hundred seventy-six of such law, as last amended by chapter one hundred nineteen of the laws of nineteen hundred sixty-two, is hereby amended to read as follows:

§ 276. Determinations by county canvassing boards. Upon the completion of the statements required by section two hundred

seventy-five, the canvassing board shall determine [what person has by the greatest number of votes been elected to each office of member of assembly within the county,] each person elected by the greatest number of votes to each county office, and each person elected by the greatest number of votes to each city or town office of a city or town of which it is the board of canvassers. [The board of elections of the county of Hamilton shall transmit forthwith to the board of elections of the county of Fulton a certified copy of the statement filed in its office as to the votes cast in Hamilton county for candidates for the office of member of assembly of the assembly district composed of Fulton and Hamilton counties; and the board of elections of Fulton county shall deliver the same forthwith to the Fulton county board of canvassers, who shall from such certified copy, and from its own statement as to the votes cast for the candidates for such office in Fulton County, determine what person was elected by the greatest number of votes to such office.] The canvassing board shall also determine whether any proposition or question submitted only to the voters of the county, or only to the voters of a city or town of which it is the board of canvassers, as the case may be, has by the greatest number of votes been adopted or rejected.

All such determinations shall be in writing and signed by the members of the canvassing board or a majority of them and filed and recorded in the office of the board of elections. Except in the city of New York and in the counties of Nassau, Orange and Westchester, the board of elections shall cause a copy of such determinations, and of the statements filed in its office upon which such determinations were based, to be published once in each of the newspapers designated to publish election notices and the official canvass. The statement of canvass to be published, however, shall not give the vote by election districts but shall contain only the total vote for a person, or the total vote for and the total vote against a proposition or question, cast within the county, or within the portion thereof, if any, in which an office is filled or proposition or question is decided by the voters if the canvass of the vote thereon devolves upon the county board of canvassers. Such totals shall be expressed in arabic numerals.

The board of elections shall prepare and forthwith transmit to each person determined by the canvassing board to have been elected a certified statement that such canvassing board declared him elected, naming the office.

§ 13. Section two hundred seventy-seven of such law, as amended by chapter fifty-eight of the laws of nineteen hundred fifty, is hereby amended to read as follows:

§ 277. Transmission of statements of canvassing boards to secretary of state. The board of elections shall transmit by mail or cause to be delivered personally to the secretary of state and attorney-general each a certified copy of the statement of the canvassing board relating to the offices of electors of president and vice-president of the United States, United States senator, representatives in congress and state offices, *including members of the*

state senate and assembly, and as to the votes cast on any proposed constitutional amendment or other question submitted to all the voters of the state, within twenty-five days after the election. The attorney-general, forthwith upon the receipt thereof, shall deliver such copy to the secretary of state. If any certified copy shall not be received by the secretary of state on or before the twenty-fifth day following a general election, or a special election, he shall dispatch a special messenger to obtain such certified copy, and the board of elections, immediately upon demand of such messenger at its office, shall make and deliver a certified copy to such messenger who shall deliver it forthwith to the secretary of state.

The board of election shall transmit to the secretary of state within twenty-five days after a general election, and within ten days after a special election, a list of the names and residences of all persons determined by the canvassing board to be elected [member of assembly or] to any county office, and on or before the tenth day of December following an election of governor, a certified tabulated statement, by election districts, of the official canvass of the votes cast for candidates for governor, to include, in the case of a candidate who was nominated by two or more parties or independent bodies, a separate statement of the number of votes cast for him as the candidate of each party or independent body by which he was nominated.

§ 14. Subdivision two of section two hundred seventy-eight of such law is hereby amended to read as follows:

2. The state board of canvassers shall canvass the certified copies of the statements of the county board of canvassers of each county. They shall canvass first the statements, if any, for the offices of electors of president and vice-president and next the statements, if any, for the office of United States senator to fill a vacancy[.], *and next the statements, if any, for the office of member of the state senate, and next the statements, if any, for the office of member of the state assembly.* Three members of the board shall constitute a quorum. The chairman of the board shall call a meeting of the board at the office of the department of state on or before the fifteenth day, or, in a year when electors of president and vice-president are chosen on or before the first Monday after the first Wednesday, of December next after each general election, and, within forty days after each special election, to canvass such statements. If the office of attorney-general be vacant, or he be under disability, such meeting shall be called by the secretary of state. If for any reason, including among others a failure of the temporary president of the senate or speaker of the assembly to make the temporary appointments provided for in subdivision one, or the failure of such temporary appointees to attend, three members of the board shall not attend on a day appointed for a meeting of the board, the secretary of state shall notify the mayor and recorder of the city of Albany to attend such meeting and they shall attend accordingly and shall with the other such officers attending, constitute such board. The board may adjourn from

day to day, not exceeding a term of five days. If any member of the board shall dissent from a decision of the board or shall protest against any of the proceedings of the board as irregular, he shall state such dissent or protest in writing signed by him setting forth his reasons and file it in the office of the department of state.

§ 15. It is intended by the foregoing amendments to the election law to make all changes in existing law necessary to insure an orderly election of members of the legislature to be held in the year nineteen hundred sixty-five pursuant to the order of the federal court and in accordance with the provisions of the reapportionment compliance act. Further to insure the effectuation of such order and the purposes of such act, to the extent, if any, that any necessary change from existing law is not included within the foregoing amendments to the election law, the secretary of state shall have power and authority, notwithstanding any inconsistent provision of law, to adopt, amend and rescind such reasonable rules and regulations concerning the election of members of the legislature in the year nineteen hundred sixty-five as may be necessary.

§ 16. This act shall take effect January first, nineteen hundred sixty-five.

§ 8. Section four hundred one of such act is hereby amended by inserting therein a new subdivision, to be subdivision two, to read as follows:

2. If the apportionment of members of the legislature on the basis of the voter population, described in sections two hundred one and three hundred one of this act, be adjudged invalid by a court of competent jurisdiction, such judgment shall operate to invalidate the remainder of this act, and the legislature hereby declares that it would not have enacted this act or such remainder had such invalidity been apparent.

§ 9. Subdivision two of section four hundred two of such act is hereby amended to read as follows:

2. It is intended that this act and the districts described herein completely encompass all the area within the state. It is also intended that such districts apportioned on the basis of nineteen hundred [sixty citizen] *sixty-two voter* population, contain all [the citizens resident] *such voters* in this state. It is further intended that the apportionment and districting provided for in this act result in the creation of districts containing substantially equal [citizen] *voter* population. It is also intended that no senate district shall include any of the area included within the description of

any other senate district. It is also intended that no assembly district shall include any of the area included within the description of any other assembly district.

§ 10. Paragraphs b and c of subdivision two of section four hundred three of such act are hereby amended to read as follows:

b. Areas of the state included within the descriptions of more than one district shall be allocated to the district having the lowest [citizen] *voter* population.

c. Areas of the state not included within the descriptions of any district shall be allocated to the adjacent district having the lowest [citizen] *voter* population.

§ 11. This act shall take effect January first, nineteen hundred sixty-five.

§ 8. Subdivision two of section four hundred one of such act, as added by such chapter, is hereby amended to read as follows:

2. If the [apportionment of members of the legislature on the basis of the voter population, described in sections two hundred one and three hundred one of this act] *system of assigning fractional votes to some members of the assembly, described in sections three hundred two and three hundred three of this act,* be adjudged invalid by a court of competent jurisdiction, such judgment shall operate to invalidate the remainder of this act, and the legislature hereby declares that it would not have enacted this act or such remainder had such invalidity been apparent.

§ 9. Subdivision two of section four hundred two of such act, as amended by such chapter, is hereby amended to read as follows:

2. It is intended that this act and the districts described herein completely encompass all the area within the state. It is also intended that such districts apportioned on the basis of nineteen hundred [sixty-two voter] *sixty citizen* population, contain all [such voters] *the citizens resident* in this state. It is further intended that the apportionment and districting provided for in this act result in the creation of districts containing substantially equal [voter] *citizen* population. It is also intended that no senate district shall include any of the area included within the description of any other senate district. It is also intended that no assembly district shall include any of the area included within the description of any other assembly district.

§ 10. Paragraphs b and c of subdivision two of section four hundred three of such act, as amended by such chapter, are hereby amended to read as follows:

b. Areas of the state included within the descriptions of more than one district shall be allocated to the district having the lowest [voter] *citizen* population.

c. Areas of the state not included within the descriptions of any district shall be allocated to the adjacent district having the lowest [voter] *citizen* population.

§ 11. This act shall take effect January first, nineteen hundred sixty-five.

LAWS OF NEW YORK.—By Authority

CHAPTER 981

AN ACT to amend the reapportionment compliance act, as added by a chapter of the laws of nineteen hundred sixty-four, entitled "An act to apportion and district the senate and assembly, making conforming amendments in the election law, in compliance with the order made on July twenty-seventh, nineteen hundred sixty-four by the federal court" in relation to the use of a voter population base and increasing the size of the assembly

Became a law December 23, 1964 at 7:30 p.m., with the approval of the Governor. Passed on message of necessity pursuant to article III, section 14 of the constitution by a majority vote, three-fifths being present

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivisions four and five of section one hundred four of the reapportionment compliance act as added by a chapter of the laws of nineteen hundred sixty-four, entitled "An act to amend the reapportionment compliance act, as added by a chapter of the laws of nineteen hundred sixty-four, entitled 'An act to apportion and district the senate and assembly, making conforming amendments in the election law, in compliance with the order made on July twenty-seventh, nineteen hundred sixty-four by the federal court', in relation to the use of a citizen population base, changing the size of the assembly and providing for fractional voting in the assembly", are hereby renumbered and amended to read as follows:

4. The term "voter population" means the total vote cast (including blank, void and scattered ballots) in the general election of nineteen hundred sixty-two, for candidates for the office of governor.

5. Members chosen from the assembly districts described within and apportioned among the counties as set forth in article three of this act, shall for all purposes have (a) a full vote in the assembly if they are chosen from a whole district, and (b) a fraction of a vote in the assembly if they are chosen from a district which is a fraction of a whole district, in which event each such member shall have the same fraction of a vote as his district is a fraction of a whole district.

[5.] *6.* Any provision of the constitution, laws or rules which requires action to be taken by the votes of a proportion of the members of the assembly, shall be construed to mean such proportion of the total number, counting integers and fractions, of votes in the assembly.

§ 8. Section four hundred one of such act is hereby amended to add a new subdivision, to be subdivision three, to read as follows:

3. If the apportionment of members of the legislature on the basis of the voter population, described in sections two hundred one and three hundred one of this act be adjudged invalid by a court of competent jurisdiction, such judgment shall operate to invalidate the remainder of this act, and the legislature hereby declares that it would not have enacted this act or such remainder had such invalidity been apparent.

§ 9. Subdivision two of section four hundred two of such act, as amended by such chapter, is hereby amended to read as follows:

2. It is intended that this act and the districts described herein completely encompass all the area within the state. It is also intended that such districts apportioned on the basis of nineteen hundred [sixty citizen] *sixty-two voter* population contain all [the citizens resident] *such voters* in this state. It is further intended that the apportionment and districting provided for in this act result in the creation of districts containing substantially equal [citizen] *voter* population. It is also intended that no senate district shall include any of the area included within the description of any other senate district. It is also intended that no assembly district shall include any of the area included within the description of any other assembly district.

§ 10. Paragraphs b and c of subdivision two of section four hundred three of such act, as amended by such chapter, are hereby amended to read as follows:

b. Areas of the state included within the descriptions of more than one district shall be allocated to the district having the lowest [citizen] *voter* population.

c. Areas of the state not included within the descriptions of any district shall be allocated to the adjacent district having the lowest [citizen] *voter* population.

§ 11. Subdivision two of section sixty-four of the election law is hereby amended to read as follows:

2. Any creation, consolidation, division or alteration of election districts in any year shall be made on or before July first, to take effect on the ensuing first day of October, except that when required by the creation or alteration of *an assembly district, a senate district, or* a political subdivision [,] other than an election district,

in which candidates are to be voted for at the fall primaries, it shall take effect immediately. In case of excessive registration in any year, an election district may be divided to take effect before the general election.

§ 12. This act shall take effect January first, nineteen hundred sixty-five.
